

Irit Weir, 48

Napa
Healer and Advocate for Peace

You know from the moment you step through the door of her acupuncture clinic that you are in the presence of peace. Mother, wife, and healer, Irit has created her vision for a balanced, harmonious life and she shares that vision on a daily basis with her friends, family, and the clients who come to her for healing. Using a truly holistic approach to wellness, she treats the whole person, and has developed a unique perspective of mind-body-spirit under that has sparked a passion and commitment for world peace. Along with her busy practice, she also owns the valley's only Kosher Winery with her husband Ernie Weir, and has been producing certified kosher wines at Hagafen Cellars since 1980. Both advocates for peace, the couple spent a year abroad in Israel where they lived along the Mediterranean in the town of Caesarea with their children. Irit's pursuit of peace led her to create a successful Arab-Israeli dialog group held at Givat Haviva, in central Israel.
